ABOUT US

SKYHUB IS AN OPEN DECENTRALIZED ECOSYSTEM FOR PEER TO PEER ONLINE BOOKING SERVICES

SKYHUB PROJECT IS SUPPORTED AND BACKED BY THE WEALTH OF KNOWLEDGE AND EXPERIENCE FROM THE ENTIRE ECOSYSTEM AND WILL BE STRONGER THAN ANY EQUIVALENT CENTRALISED VERSION

SKYHUB PLATFORM

This very day, the blossomed online booking ecosystem has shaken up the traditional professional itinerary. The need of Online Booking Platform, running on Blockchain technology is supreme.

SkyHub is the world's best blockchain-powered marketplace of services for online booking industry. SkyHub project's unique business model will bridge the gap between online travel agency and a traditional travel agency by creating a trusted platform with a bustling ecosystem of active and satisfied users and by providing a convenient online booking capability, as well as a 24/7 support in multiple countries and in multiple languages.

SKYHUB PLATFORM WILL ACT AS AN INTERMEDIARY AND ESCROW AGENT BY LEVERAGING COMPANY OWNED AND OPERATED CONTACT CENTERS LOCATED WORLDWIDE, WE ARE ABLE TO DELIVER ONE OF THE HIGHEST LEVELS OF CUSTOMER SERVICE AND SUPPORT IN THE ONLINE BOOKING INDUSTRY. TRAVELERS AROUND THE WORLD CAN FIND AND BOOK THEIR PERFECT TRIP ON OUR WEBSITE, MOBILE AND TABLET APPS.

SKYHUB'S SECURE PAYMENT SYSTEM TAKES THE STRESS OUT OF TRAVELER BY PROVIDING EASY, INSTANTANEOUS, SECURE, PAYMENT OPTION.

To become Leading player in the market SkyHub is focused on offering online booking services through different platform such as mobile websites and applications to attract young and professional crowd. We seek to make the process of travel planning and bookings simple and easy for customers. The online booking market is majorly driven by factors such as quick and convenient flight and hotel bookings, safer online payment methods, availability of multiple choices and comparison options.

SkyHub is a set of infrastructure that is built by the Skyhub team to be used worldwide for Online booking Industry.

Once SkyHub Platform is built and matured,developing mobile and tablet applications will be trivial. Developers will simply integrate their desired components, adopt SkyHub style templates, guides, including all assets and launch.

All the Sky-Hub components will be open- sourced and continuously developed.

SkyHub seeks to be world's leading online booking platform, based on blockchain technology. SkyHub will help you plan a perfect trip, whether you are going on a holiday or taking a business trip.

Customers will be able to book their ideal accommodations quickly and easily with SkyHub. SkyHub is planning to launch easy-to-use website and applications, along with 24 hours customer service. It will be easy to customize your travel experience with our robust flight and hotel search filter options. At SkyHub platform we aim to connect travelers with the world's widest selection of incredible places to stay, 5-star luxury resorts, vacation homes, apartments, tree houses and many more.

FEATURES

1) P2P Marketplace for Online Booking Industry

In SkyHub Platform buyers and seller interact directly with each other, without an intermediary third-party.

2) Decentralized Platform

Decentralized system on blockchain technology, controlled by no authority, nor it is backed by any centralized power.

Control is fairy distributed to anyone that wants to use the system.

3) Pay by Crypto

Decentralized system, no risk of theft, easy and fast transaction, no third party involvement, less fees, better margins for both parties.

4) Innovative

First Online Booking Platform powered by Blockchain Technology. Travelers around the world can book their perfect trip on Skyhub Website , Mobile and Tablet apps.

5) Universal Payment Method

SkyHub is the payment gateway for Online booking Industry, having the lowest fees in the business.

6) Secure Payment System

Forthwith Blockchain is portrayed as an ultimately secure solution for money transactions.
SkyHub offers privacy and security to both parties.

7) Instant and near zero Transaction Fees

Instant P2P transfer, near zero transaction fees - 0.0001 per transaction.

SkyHub payments are done in a matter of a few seconds. There is a quick settlement with SkyHub transactions, as the peer-to-peer nature of the networking structure cuts off the middleman.

8) PoS/Masternode

There is nothing quite as in demand as an investment that will pay you out a regular stream of income.

Running a SkyHub Masternode or Staking SkyHub coins will give that added benefit of your money working for you and providing you with rewards while you sleep.
