ANIMEYEN

Animeyen (アニメ円) is a Full-of-Love Crypto Currency, Created by Anime Community Fans, for all the Anime Fans around the world.

Having as our main goal for Animeyen to be shared in the Anime community makes ANIME an ambitious project, we also have many side goals to achieve first which after they come together like a puzzle they will help us reach our main goal, and the targets that we set for us to get might be difficult to reach, but with your help we know that we can do anything, we need you, you belong here with us!

HISTORY

HISTORY

Animeyen project was initiated back in 2016, which means this is one of the good old projects that you can still find alive around the crypto sphere where hundreds of cryptocurrency projects have already disappeared. So if you are thinking about supporting the Animeyen project, keep in mind that we are here to stay.

VALUES

Here we'll be putting to practice the values that we have learned by watching Anime:

ア FRIENDSHIP (In Anime the characters really value their friendships and the bonds for life that they form, and it doesn't matter how strong the individuals can be, they always rely on their friends to achieve their goals).

ア SELF-IMPROVEMENT (The Anime characters are always getting better by learning new things, by exercising etc.).

ア PERSEVERANCE/NOT GIVING UP (When an Anime character has a dream, a goal to acquire something, you can bet that he/she is going to achieve that goal it doesn't matter how long it takes, or how hard it is).
