What make DochStar stand different from Doch token

- DochStar token is a minable token.
- It is backed by POS technology.
- POS technology gives you return for minting your tokens.

How you earn Profit from DochStar token

Low supply in market

The supply coming in market comes from the mining where limited users hold tokens so they supply coming in market is limited, which gradually increases demand & price

Scarcity in market

As there are only 100 Million tokens in market & as the supply entering in market will be very slow which surges its price.

Listing at Major Exchanges

As there will be huge demand on the token it will be listing in most of the major exchanges.

Technology Backed

Such technologies enables users to earn minting profit without actually investing into hardware or electricity.
