CONNECTING BLOCKCHAIN TO THE REAL WORLD

# Helex Corporation Vision

We are solution oriented and aim to provide efficient solution to our clients.

Currently, investors who have their assets in cryptocurrencies do not see the possibility of being able to take that purchasing power to traditional currencies. Thereby experiencing difficulties in their bid to purchase properties, luxury cars, or other valuable items. However, Helex Corporation make this possible in a very simplified manner.

Through our excellent services, Helex Corporation also simplifies the possibility of clients purchasing and owning valuable items/properties in the real world.

Are you a technological investor? If your answer is YES, then Helex Corporation welcomes you home; where the world of cryptocurrencies and the real world meet on a bridge of blockchain a technology we use to control our token in a reliable and safe system and without any government interference or control, we offer free service to all our clients.

We offer an Online Shop and a personalized services to our clients; while adapting to individual needs.

Helex Corporation creates a personal solution study, tailored to client's need, providing other possibilities which are available in different countries around the world.

With confidentiality as a core value, Helex Corporation offers anonymity for our clients who require it for their properties or other services received from us.

Helex Corporation will always respect the local laws of each country or state, and always advised by notaries and local lawyers in addition to international lawyers.

All customers are subject to KYC and AML.

# Executive Presentation

Helex Corporation Ltd is a registered company in London, United Kingdom with a competent team which possesses vast experiences in managing investment funds as well as asset management and legal compliance.

In order to protect the identity of our clients and operate in a tax-free jurisdiction, we have also registered Helex offshore.

We offer services that are exclusive to us because we are highly connected to local agencies all over the world which in turn gives us access to a large range of goods and services, irrespective of location. We connect the world of cryptocurrencies with the real world in a personalized and professional way. Helex token which is built on Ethereum network can be used to pay for services like the purchases of real estate properties as well as luxury cars anywhere in the world.

Our Corporate head offices will be situated in Europe and Dubai.

This luxpaper outlines the company's business model and all the information about the services we offer.

Helex Corporation thanks all investors for their help to achieve all the goals that the company has and is committed to continue improving our services.
