What is Nextcoin?

NEXTCOIN is a decentralized, open-source, point-to-point **encrypted Virtual Currency**, developed with the **ERC20 algorithm** that allows people with an entrepreneurial profile who are passionate about the financial and technology market to store and invest.

Nextcoin, for sure will significantly increase its number of participants in the checkpoint layer, which should further increase its degree of decentralization, with that of the leading audience of Blockchains like Ethereum and Bitcoin.

Our strategy for growth for our community is the **Affiliate Program**, where she is sure that using this tool responsibly, **NEXTCOIN** in a short time will be one of the largest communities in the cryptocurrency market.

Why invest in Nextcoin?

- 1 Investing in Nextcoin is a very profitable option in the medium and long term.
- 2 We combine Blockchain technology with the potential of the Affiliate Program for exponentially secure and satisfying growth for our members.
- 3 Our currency is available for purchase and sale to anyone around the world and our technology ecosystem simplifies and improves NTC circulation.
