## History of the DOLLAR name

On 15 January 1520, the Kingdom of Bohemia began minting coins from silver mined locally in Joachimsthal and marked it on reverse with the Bohemian lion. The coins were called joachimsthaler, which became shortened in common usage to thaler or taler. The German name "Joachimsthal" literally means "Joachim's valley" or "Joachim's dale". This name found its way into other languages: Czech and Slovenian tolar, Hungarian tallér, Danish and Norwegian (riks) daler, Swedish (riks) daler, Icelandic dalur, Dutch (rijks) daalder or daler, Ethiopian talar, Italian tallero, Greek τάλαντον, τάλυρο, tālleron, tālro, Polish talar, Persian dare, as well as – via Dutch – into English as dollar.

## DOLLAR Future Plans

We develop new website with online wallet and referral program to reach every month maximal 1 million new DOLLAR users. Both new user and referral will get 0.1 \$US (paid in DOLLAR) as reward. Target for year 2020 – 12 million new users.

We build own DOLLAR selling platform where users will choose charity or organisation to donate the buying amount. We will send 100% of amount to chosen organizations. Maximal amount per month will be limited in 2020 to 200,000 DOLLAR divided to every day. The left over amount will be divided and place on partner exchanges for sale.

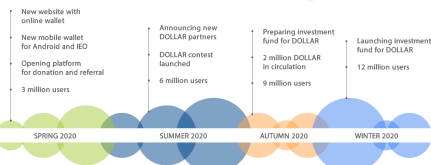

For DOLLAR holders we will organize every month a contest with prizes such as cars, computers, mobile phones, etc. Winners need to hold a minimal balance of 0.1 DOLLAR.

In cooperation with well known fintech company we will start own banking accounts and DOLLAR credit cards.

During 2020 we will establish an investment fund with target to buy shares in companies they will adopt DOLLAR International as a payment option.
